REQUEST FOR WITHDRAWAL OF FINALITY OF OFFICE ACTION

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

In the Office Action mailed May 22, 2002, the Examiner withdrew the previous prior art rejections and issued a new rejection of the claims based on the newly cited Okuda et al. and Oyama et al. patents. The Examiner also made this rejection final. It is submitted that the finality of the Office Action is premature and should be withdrawn. In particular, rejected claims 3-16 were not amended in the prior amendment. M.P.E.P. §706.07(a) states:

"Under present practice, second or any subsequent actions on the merits shall be final, except where the examiner introduces a new ground of rejection that is neither necessitated by applicant's amendment of the claims nor based on information submitted in an information disclosure statement . . . "

In view of the fact that the Examiner issued new grounds of rejection that were not necessitated by the applicant's amendment nor based on information submitted in an

Information Disclosure Statement, it is submitted that the finality of the Office Action should be withdrawn.

If there are any questions, please contact the undersigned.

Respectfully submitted,

STAAS & HALSEY LLP
